BASIC RIDER COURSE (BRC)

Designed for someone who has minimal experience operating a motorcycle, this course focuses on the development of basic riding skills: turning, shifting and braking. You will receive approximately 16 hours of instruction, five (5) in the classroom and 11 on the range. Training bikes will be provided. This course is offered in different formats: one (1) weekend, two (2) weekend, weekday and weeknight. The weekday, weeknight or two (2) weekend courses are recommended for novice riders. Successful completion allows a student to waive the Secretary of State riding skills test.

3-WHEEL BASIC RIDER COURSE

If you have minimal experience or are unlicensed operating a three-wheel motorcycle, this course is for you. Develop your basic riding skills as you learn proper turning, shifting and braking. You have approximately 12 hours of instruction in one (1) weekend; four (4) in the classroom and eight (8) on the range. Each student must provide their own three-wheel motorcycle. Sharing is not allowed. The cycle must be titled, properly registered, and display a valid license plate. Each student must provide proof of insurance and the bike must pass a safety inspection. Successful completion allows a student to waive the Secretary of State riding skills test.

RETURNING RIDER BASIC RIDER COURSE (RRBRC)

A one day course designed for the experienced but unlicensed rider to become licensed and legal. Many experienced, licensed riders use this course as a refresher and skills tune up. Topics include: braking, counter steering, turning, speed judgment, and other techniques necessary for the experienced rider to operate a motorcycle skillfully and safely. Each student must provide their own motorcycle. Scooters will be allowed in this class. Sharing is not allowed. The cycle must be titled, properly registered, and display a valid license plate. Each student must provide proof of insurance and the bike must pass a safety inspection. Successful completion allows a student to waive the Secretary of State riding skills test.

Students under the age of 18 are allowed to take the Basic Rider, 3-Wheel Basic Rider, or Returning Rider Basic Rider Courses starting at age 15 if they have a valid driver's license. A parent or guardian must accompany the student to the first class meeting; parent signatures are required on some documents.

ADVANCED RIDER COURSE (ARC)

This one day course is designed for licensed, experienced riders who have a cycle endorsement to enhance their basic skills and help with personal risk assessment. Interactive classroom activities to improve perception and hazard awareness are combined with range exercises which enhance both basic skills and crash avoidance skills. You will learn to improve braking and corner finesse. It is the public version of the Military Sport Bike Rider Course. Each student must provide their own motorcycle. Sharing is not allowed. The cycle must be titled, properly registered, and display a valid license plate. Each student must provide proof of insurance and the bike must pass a safety inspection.
